In re: Charge Enterprises Inc. (D. Del.)

Represented Kenneth Orr and certain KORR entities, significant shareholders and creditors of the debtor in the *In re Charge Enterprises, Inc.* Chapter 11 case in the Bankruptcy Court for the District of Delaware. The Debtor commenced its Chapter 11 case with a prepackaged plan negotiated with its prepetition secured lender and sought confirmation of that plan – which provided for the Lender to receive 100% of the equity in post-reorganization Charge – within 48 days of the bankruptcy filing. Prior to the Chapter 11 case, Charge had described in its SEC filings certain aggressive acts by the Lender that hindered Charge’s ability to refinance its debt to the Lender and increased the size of the debt purportedly owed by Charge, which led to the Charge’s inability to repay the notes at maturity. But, in its first-day Chapter 11 filings, the Debtor looked to blame KORR for its predicament, claiming that a separate dispute with KORR over illiquid investments Charge made with KORR left Charge with insufficient liquidity to repay the Lender notes. That dispute was the subject of a separate New York State Court litigation commenced by Charge while negotiating its restructuring with the Lender. In the limited time available in the Chapter 11 case, Herrick engaged in a strategy of attacking the Debtor and its Lender’s proposed restructuring on several fronts. Ultimately, KORR reached a settlement of all its disputes with Charge and the Lender, which was a positive result for Herrick’s client as well as for the Debtor and its estate. The plan and disclosure statement were approved pursuant to the Confirmation Order.

Successfully represented Hudson 888 Owner LLC and Hudson 888 Holdco LLC, subsidiaries of Chinese developer Xinyuan Real Estate Co. Ltd., as the debtors in a jointly-administered single asset real estate (SARE) Chapter 11 case involving a high-end mixed-use property in Hell’s Kitchen in New York City. A settlement was reached on terms favorable for our client, and a plan of reorganization was approved by the Court. This represented a very successful culmination of a highly complex and contentious Chapter 11 bankruptcy case.

Representing the Official Retiree Committee in the Chapter 9 bankruptcy of Chester, Pennsylvania.

Public Sector Restructuring Engagements

- Commonwealth of Puerto Rico: In the largest in-court public sector restructuring in U.S. history, involving approximately \$125 billion of debt, and the first case under Title III of the PROMESA statute, Robert represented the Official Retiree Committee, with responsibility for the interests of approximately 167,000 retirees and approximately \$58 billion in claims for unfunded pension benefits. Robert oversaw the litigation strategy vis-à-vis other creditor groups, and he spearheaded negotiations with the Financial Oversight and Management Board, leading to one of the first and most critical plan support agreements in the case. Ultimately, Robert and his team achieved an astounding result—full payment of accrued pension benefits (i.e., no reductions or deferrals), while bondholders received a blended recovery of less than 50%. As part of the settlement, Robert led the negotiation, drafting, and creation of a novel structure – a non-governmental independent pension reserve trust to be funded by the Commonwealth over the next 10 years out of projected cash surpluses, with governance split between a professionally-managed pension investment board and a retiree-populated pension committee. Last fall, the first deposit into the trust in the amount of \$1.4 billion was made by the Commonwealth.
- City of Detroit: In the largest chapter 9 bankruptcy case in U.S. history, involving approximately \$18 billion of debt, Robert represented the two Detroit retirement systems (Police & Fire Retirement System and General Retirement System) as the single largest creditor group, owed approximately \$6 billion. Robert played a central role in negotiating the treatment of the pension claims, which became the cornerstone of the plan of adjustment. Robert and his team obtained outstanding results for the pension systems, preserving in full the accrued base pension benefits of the police and fire retirees and securing a limited reduction of 4.5% of base pension benefits of the non-uniform retirees.
- Chester, PA: Representing the Official Retiree Committee in the chapter 9 bankruptcy of Chester, PA, furthering his unique work in this area. Retiree claims are approximately \$360 million.
